Becky,

I think with this effort you have complied with the requirements of our ENF-3-1 program should you decide to accept any offers coming your way upon my retirement. With the field work under a certified program inspector (me); your online and field training; and your health/safety training and medical monitoring, you have met the 1300.1 requirements. We'll continue to work together on the CAFO program and field projects to further your experiences to add to your resume. Thank you again and Best wishes moving forward.

Glenn

Becky,

Thank you for your excellent work. I skimmed through reports, and they look great. I'll follow up with Cherie on the photos for the 6 referenced facilities. Do you recall what date that e-mail was that you sent Cherie? Thank YOU for your super support. I'm working with H.Q. on getting our data inputted to credit our efforts. Couldn't have done it without you. It was fun, and I look forward to working with you again.

Glenn

Glenn,

In order to finish up these inspection reports, we need photos from the other 6 dairies.

I did not hear back from my email that I sent on 8/4 (at 10:34 am) to Cherie (and cc:ed you). Maybe you can call her in order to meet your deadline?

Also, attached are my completed inspection reports for the 4 dairies that Cherie did send us information on – Arrowhead, Hughes, Cunningham, and Correia. Note that the Cunningham is in a different format (as we discussed using Kristine's report format).

Please review and edit as needed. I think I have taken these as far as I can. ☺

Thanks for letting me be a part of these site visits/inspections!

Becky Mitschele

Hi,  
As attached.

By the way, did you get Correia and Cunningham emails ok? They were about 23 MB each, maybe too big for your computer system, because of the large FEMA floodplain map.

Thanks,

***Cherie Blatt***
